Autumn Meeting

section cell biology

der Deutschen Gesellschaft für
 Pneumologie und Beatmungsmedizin e.V.

9./10. November 2018

Universitätsmedizin Essen
 Ruhrlandklinik

Dear colleagues, dear junior scientists,

We are pleased to invite you to the this year's autumn meeting of the DGP section cell biology, which is taking place at the Lern- und Lehrzentrum of the Medical Faculty Essen at November 9th/10th.

Again this year will the meeting offer a platform for presentations, discussions of own results and scientific networking of young scientists and members of our section.

Abstracts can be submitted covering one of the following topics:

asthma and allergy
emphysema and COPD,
infection and autoimmune diseases
fibrosis and lung cancer
stem cells and lung regeneration

We are looking forward to seeing you in November in Essen!

Scientific Direction

Prof. Dr. med. Dirk Theegarten

Dr. rer. nat. Sebastian Reuter
